Mishicot FFA Alumni Grant Request

The Mishicot FFA Alumni will consider awarding financial support to current agricultural education students and/or FFA members for individual leadership development, trips, travel opportunities, community service-related activities and other non-income generating projects.

The student/member should submit the application to the current FFA Alumni Grants and Loans Committee Member or the Agriculture Education instructor by the 1st of the month. **The application should be made prior to the event.** The FFA Alumni typically meets on the first Monday of every month. The student will be notified shortly after the meeting, by email or telephone, whether financial support will be awarded and/or any other details related to the funding.

Note: Typical funding for a convention, trip, or event is 1/3 of the total cost. Special considerations may be made at the discretion of the FFA Alumni Grants Committee.

If approved, the Mishicot FFA Alumni requests **the FFA member and one parent/guardian each volunteer** at least one shift at a Mishicot FFA Alumni Event. **The student will be asked to report (in person or in writing) at a FFA Alumni meeting** upon completion of the project/activity.

Incomplete or handwritten applications will not be considered
